BETTER BUSINESS
BUREAU AWARD OF
EXCELLENCE, EVERY
YEAR IN BUSINESS.

WHO WE ARE

Parachute Consulting is an award-winning company comprised of degreed, certified safety, rescue and medical professionals with extensive experience in all phases of work projects. With our acute attention to detail, Parachute maintains an A rating in ISNetworld, Avetta, Textura and other qualification systems. We accept short term and long term work assignments throughout the United States and Mexico. Our ultimate goal is to integrate ourselves into your team – to understand the needs of each job so completely that we seamlessly transition into our role and become an ideal partner and trusted ally of your company.

WE STAFF

Parachute Consulting has an outstanding team of Safety Managers, Techs, Attendants & Project Safety Representatives, all with multiple certifications. We have a medic force comprised of experienced EMTs and Paramedics. Our Medical Director is board certified in Occupational Medicine with a MPH, allowing us to provide medical oversight and conservative case management. And we have a Standby Rescue Team, ready to mobilize with the most current equipment and supplies.

WE CONSULT

Our training and consulting services allow our clients to have a true HSE partner. We instruct courses, provide audits, screen and test for Covid 19, assess site ergonomics and much more.
